

## Superintendent Kenneth Dewlen

Welcome to the Weiser School District, home of the Wolverines!

I am your new Superintendent, and it is with great honor and respect that I serve in this position. I am impressed with the Weiser School District; the administrators, teachers, and staff constantly communicate, and their communication shares a common theme, seeing every student succeed!

After 25 years of service to our great country, I retired from the US Air Force in 2014 as a Lieutenant Colonel. Then, I began working in the educational field as a teacher. After five years of teaching, I received the opportunity to become a principal, which I did for two years. That work and additional educational training and experience provide the foundation I will draw upon as I lead the Weiser School District.

We strive to be Idaho's highest-achieving rural school district while promoting high achievement and responsible citizenship.

The district consists of five schools: Pioneer Primary (K-3), Park Intermediate (4-5), Weiser Middle School (6-8), Weiser High School (9-12), and Indianhead Academy (an alternative high school). Pioneer Primary also has a developmental preschool program for students with disabilities. The Weiser School District serves over 1600 students.

Weiser School District offers traditional courses and additional possibilities for high school students, such as Dual Credit Courses, Career Technical Education (CTE) Courses, and the School to Registered Apprenticeship Program.

Students also can participate in extra-curricular and co-curricular clubs and programs, such as interscholastic sports, performing arts, robotics, and numerous CTE Student Organizations. We offer something for everyone.

We are proud of our community and school district and are full of the Wolverine spirit! Weiser is a great place to raise a family and educate kids. Thanks to a supportive community and a committed staff, all students can learn, grow, and follow their dreams.

I invite you to visit our schools and meet the teachers, staff, and administrators. Don't hesitate to contact any of our schools with questions.

It's a great day to be a Wolverine – GO WOLVERINES!

Respectfully,

Kenneth D. Dewlen, Lt Col, USAF (ret)  
Superintendent  
Weiser School District  
(208) 414-0616
